

MSCI World Select Top 30 Digital Economy Index (USD)

The MSCI World Select Top 30 Digital Economy Index is based on the MSCI World Index, its parent index, and includes large and mid-cap securities across 23 Developed Markets (DM) countries*. The index aims to represent the performance of the 30 largest companies that are expected to derive significant revenues from the digital economy value chain. The index is further diversified by capping securities to a maximum weight of 10% at each index review.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).

The MSCI World Select Top 30 Digital Economy Index was launched on Sep 20, 2021. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance – whether actual or back-tested – is no indication or guarantee of future performance.

ABOUT MSCI

MSCI is a leading provider of critical decision support tools and services for the global investment community. With over 45 years of expertise in research, data and technology, we power better investment decisions by enabling clients to understand and analyze key drivers of risk and return and confidently build more effective portfolios. We create industry-leading research-enhanced solutions that clients use to gain insight into and improve transparency across the investment process. To learn more, please visit www.msci.com.
