

MSCI World IMI Screened Index (USD)

The MSCI World IMI Screened Index is based on the MSCI World IMI Index, its parent index, and includes large, mid and small cap securities across 23 Developed Markets (DM)* countries. The index excludes companies from the parent index that are associated with controversial, civilian and nuclear weapons and tobacco, palm oil and arctic oil & gas or that derive revenues from thermal coal and oil sands extraction and that are not compliant with the United Nations Global Compact principles. The index also excludes companies that are involved in very severe controversies and/or in certain biodiversity-related controversies and targets a minimum 30% reduction in carbon emission intensity relative to the underlying parent index.
