

MSCI World Select Sustainable Mega Trends Index (USD)

The MSCI World Select Sustainable Mega Trends Index is based on the MSCI World Index, its parent index, and includes large and mid-cap securities across 23 Developed Markets (DM)* countries. The index aims to represent the performance of 50 stocks that derive at least a cumulative 25% of revenue from Sustainable Impact activities, as well as exhibit low historical realized volatility and high dividend yield. The index targets to achieve diversification with country and sector constraints.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).

The MSCI World Select Sustainable Mega Trends Index was launched on Jul 30, 2019. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance – whether actual or back-tested – is no indication or guarantee of future performance.

ABOUT MSCI

MSCI (NYSE: MSCI Inc.) strengthens global markets by connecting participants across the financial ecosystem with a common language.
