# MSCI Europe Selection Choice Top 50 Dividend Index (EUR)

The MSCI Europe Selection Choice Top 50 Dividend Index is based on the MSCI Europe Selection Index, its parent index, which includes large and mid cap stocks across 15 European Developed Markets (DM) countries\*. The index aims to represent the performance of a set of companies in Europe that have high Environmental, Social and Governance (ESG) performance (MSCI ESG Rating at A and above), as well as relatively higher liquidity and dividend yield. The Index aims to achieve diversification by controlling for the maximum weight assigned to each security, while weighting securities by the inverse of their price variance, thereby assigning higher weights to securities with lower volatility.

For a complete description of the index methodology, please see Index methodology - MSCI.
