

# MSCI World Select Natural Resources Index (USD)

The MSCI World Select Natural Resources Index is based on its parent index, the MSCI World IMI Index which captures large, mid and small cap securities across 23 Developed Market (DM) countries\*. The Index is designed to represent the performance of listed companies within the developed markets that own, process or develop natural resources.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).
