About MSCI.....8

Introduction

MSCI uses three main committees to provide overall oversight and governance for the production of the equity indexes and the equity index methodology and its application. These are: the Risk and Regulatory Committee (“RRC”), the Equity Index Committee (“EIC”), the Index Policy Committee (“IPC”).

The RRC focuses primarily on the smooth operation of the index processes and on identifying and mitigating potential risks, whereas the two equity index decision committees focus primarily on the development and interpretation of the equity index methodologies.

The committees are staffed solely by MSCI employees. MSCI believes that its editorial and operational independence over the equity indexes and equity index methodology is critical to objectivity, efficiency and avoiding conflicts of interest.

All decisions taken by the committees are the responsibility of their members.

Risk and Regulatory Committee Terms of Reference

Description

The primary role of this committee is to ensure the operations of the indexes run smoothly and potential risks are identified proactively.

Responsibility

- Oversee the integrity of the equity index processes. The aim is to ensure that there is in place an effective system reasonably designed to evaluate and control general risks within the equity index business.
 - Review and approve the index control framework (i.e., the IOSCO management report posted on www.msci.com).
 - Agree on internal/external index audit frequency.
 - Review the results of internal and external audits and recommend actions.
 - Review client usage of indexes and any related conflicts of interest
- Highlight potential risks to the business/material issues including operational risks, change in regulatory environment, and conflicts of interest.
- Review any formal index complaints.
- Assess and manage the firm's compliance with existing regulation or regulatory principles for both existing and new/proposed indexes, as well as changes in processes.
- Discuss pending/anticipated regulation/regulatory change and the potential impact on MSCI's equity index business.

Note this committee has no authority over index decision committees and their responsibilities.

Composition

The composition of the committee is determined by job function.

- Head of the equity index business, Chair
- Head of equity index research
- Head of equity index data operations
- Head of equity index IT
- Chair of Equity Index Committee
- Head of equity index product management
- Legal and compliance, Secretary

Meetings

- Meetings are to be held at least quarterly and as needed

- If a member is unable to attend, he or she must send a delegate to ensure that all relevant areas are represented.
- The committee may ask any employee to attend or to present at the meeting, particularly if their skills and knowledge support the discussion.
- The secretary will record minutes which will be retained for 5 years.
- For equity, if discussion requires inside the wall information, outside the wall members will be excused and separate minutes will be taken.

The Equity Index Committee

Description

The Equity Index Committee (EIC) is responsible for overseeing the development and interpretation of equity index methodologies. Decisions taken by the EIC are the sole responsibility of its members. The committee is staffed strictly by MSCI employees. MSCI believes that editorial independence promotes objectivity, efficiency and avoids conflicts of interest.

Responsibility

- Review and approve new methodologies, major methodology changes and market reclassifications.
- Review and approve the results of the regular index rebalancing. Inform IPC of rebalancing results.
- Review and approve complex corporate event treatment, escalated by the Corporate Events team.
- Review all proposals for equity index terminations not directly as a result of a methodology before making a recommendation to the IPC.
- Approve or propose consultations, review feedback, and decide if methodology changes are needed
- Determine what changes are material after considering relevant factors such as operational impact on market participants and estimated turnover and transaction costs associated with the changes.
- Review and approve Index Policies.
- May delegate signoffs and decisions to sub-committees for index changes that strictly follow the methodologies, as appropriate.
- May elect to escalate issues to the IPC for changes that it deems material or in cases where there is no agreement / decision.

Composition

- The EIC is composed of six members with significant experience and seniority selected from MSCI's Index Research and MSCI's Index Operations teams. The Chair of the IPC is also a member of the EIC.
- Membership changes are proposed by the EIC and ratified by the IPC.

Meetings

- The EIC is scheduled to meet once a week. In addition, the EIC meets on an ad-hoc basis if required.
- Regular meetings require the attendance of at least three members. Plenary meetings require the attendance of the IPC Chair and two additional members. No substitutes or delegates are accepted.
- Topics are requested by members or other parties. If there are no topics, the meeting is cancelled.
- The agendas of all EIC meetings contain the date, time, expected attendees and the topics. All topics presented at EIC meetings generally have supporting documents. The minutes of all EIC meetings contain the date, time, attendees, topics discussed and decisions made.

The Index Policy Committee

Description

The Index Policy Committee (“IPC”) is an escalation point for the EIC. Topics with material importance, as determined by the EIC, are discussed and decided by the IPC.

Responsibility

- New methodologies or methodology changes designated as material by the EIC.
- Final decisions on market reclassifications.
- Final decisions on equity index terminations.
- Review of regular index rebalancing results.

Composition

- The IPC is composed of six members comprised of senior members of MSCI’s Index Research and firm management.
- Changes in membership are proposed by the IPC and ratified by the CEO.

Meetings

- The IPC is scheduled to meet on an ad-hoc basis as required.
- IPC meetings require the attendance of at least three regular members.
- No substitutes and no delegates are accepted
- The agendas of all IPC meetings contain the date, time, expected attendees and the topics names. All topics presented at IPC meetings generally have supporting documents.
- The minutes of all IPC meetings contain the date, time, attendees, topics’ names and decisions made by the IPC members.
- All IPC members are informed of any topics discussed and decisions made, regardless of attendance.

Notice and Disclaimer

- This document and all of the information contained in it, including without limitation all text, data, graphs, charts (collectively, the "Information") is the property of MSCI Inc. or its subsidiaries (collectively, "MSCI"), or MSCI's licensors, direct or indirect suppliers or any third party involved in making or compiling any Information (collectively, with MSCI, the "Information Providers") and is provided for informational purposes only. The Information may not be modified, reverse-engineered, reproduced or disseminated in whole or in part without prior written permission from MSCI.
- The Information may not be used to create derivative works or to verify or correct other data or information. For example (but without limitation), the Information may not be used to create indexes, databases, risk models, analytics, software, or in connection with the issuing, offering, sponsoring, managing or marketing of any securities, portfolios, financial products or other investment vehicles utilizing or based on, linked to, tracking or otherwise derived from the information or any other MSCI data, information, products or services.
- The user of the Information assumes the entire risk of any use it may make or permit to be made of the Information. NONE OF THE INFORMATION PROVIDERS MAKES ANY EXPRESS OR IMPLIED WARRANTIES OR REPRESENTATIONS WITH RESPECT TO THE INFORMATION (OR THE RESULTS TO BE OBTAINED BY THE USE THEREOF), AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EACH INFORMATION PROVIDER EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES (INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF ORIGINALITY, ACCURACY, TIMELINESS, NON-INFRINGEMENT, COMPLETENESS, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE) WITH RESPECT TO ANY OF THE INFORMATION.
- Without limiting any of the foregoing and to the maximum extent permitted by applicable law, in no event shall any Information Provider have any liability regarding any of the Information for any direct, indirect, special, punitive, consequential (including lost profits) or any other damages even if notified of the possibility of such damages. The foregoing shall not exclude or limit any liability that may not by applicable law be excluded or limited, including without limitation (as applicable), any liability for death or personal injury to the extent that such injury results from the negligence or willful default of itself, its servants, agents or sub-contractors.
- Information containing any historical information, data or analysis should not be taken as an indication or guarantee of any future performance, analysis, forecast or prediction. Past performance does not guarantee future results.
- The Information should not be relied on and is not a substitute for the skill, judgment and experience of the user, its management, employees, advisors and/or clients when making investment and other business decisions. All Information is impersonal and not tailored to the needs of any person, entity or group of persons.
- None of the Information constitutes an offer to sell (or a solicitation of an offer to buy), any security, financial product or other investment vehicle or any trading strategy.
- It is not possible to invest directly in an index. Exposure to an asset class or trading strategy or other category represented by an index is only available through third party investable instruments (if any) based on that index. MSCI does not issue, sponsor, endorse, market, offer, review or otherwise express any opinion regarding any fund, ETF, derivative or other security, investment, financial product or trading strategy that is based on, linked to or seeks to provide an investment return related to the performance of any MSCI index (collectively, "Index Linked Investments"). MSCI makes no assurance that any Index Linked Investments will accurately track index performance or provide positive investment returns. MSCI Inc. is not an investment adviser or fiduciary and MSCI makes no representation regarding the advisability of investing in any Index Linked Investments.
- Index returns do not represent the results of actual trading of investible assets/securities. MSCI maintains and calculates indices, but does not manage actual assets. Index returns do not reflect payment of any sales charges or fees an investor may pay to purchase the securities underlying the index or Index Linked Investments. The imposition of these fees and charges would cause the performance of an Index Linked Investment to be different than the MSCI index performance.
- The Information may contain back tested data. Back-tested performance is not actual performance, but is hypothetical. There are frequently material differences between back tested performance results and actual results subsequently achieved by any investment strategy.
- Constituents of MSCI equity indexes are listed companies, which are included in or excluded from the indexes according to the application of the relevant index methodologies. Accordingly, constituents in MSCI equity indexes may include MSCI Inc., clients of MSCI or suppliers to MSCI. Inclusion of a security within an MSCI index is not a recommendation by MSCI to buy, sell, or hold such security, nor is it considered to be investment advice.
- Data and information produced by various affiliates of MSCI Inc., including MSCI ESG Research Inc. and Barra LLC, may be used in calculating certain MSCI equity indexes. More information can be found in the relevant standard equity index methodologies on www.msci.com.
- MSCI receives compensation in connection with licensing its indices to third parties. MSCI Inc.'s revenue includes fees based on assets in investment products linked to MSCI equity indexes. Information can be found in MSCI's company filings on the Investor Relations section of www.msci.com.
- MSCI ESG Research Inc. is a Registered Investment Adviser under the Investment Advisers Act of 1940 and a subsidiary of MSCI Inc. Except with respect to any applicable products or services from MSCI ESG Research, neither MSCI nor any of its products or services recommends, endorses, approves or otherwise expresses any opinion regarding any issuer, securities, financial products or instruments or trading strategies and neither MSCI nor any of its products or services is intended to constitute investment advice or a recommendation to make (or refrain from making) any kind of investment decision and may not be relied on as such. Issuers mentioned or included in any MSCI ESG Research materials may include MSCI Inc., clients of MSCI or suppliers to MSCI, and may also purchase research or other products or services from MSCI ESG Research. MSCI ESG Research materials, including materials utilized in any MSCI ESG Indexes or other products, have not been submitted to, nor received approval from, the United States Securities and Exchange Commission or any other regulatory body.
- Any use of or access to products, services or information of MSCI requires a license from MSCI. MSCI, Barra, RiskMetrics, IPD, FEA, InvestorForce, and other MSCI brands and product names are the trademarks, service marks, or registered trademarks of MSCI or its subsidiaries in the United States and other jurisdictions. The Global Industry Classification Standard (GICS) was developed by and is the exclusive property of MSCI and Standard & Poor's. "Global Industry Classification Standard (GICS)" is a service mark of MSCI and Standard & Poor's.

About MSCI

MSCI Inc. is a leading provider of investment decision support tools to investors globally, including asset managers, banks, hedge funds and pension funds. MSCI products and services include indexes, portfolio risk and performance analytics, and ESG data and research.

The company's flagship product offerings are: the MSCI indexes with approximately USD 8 trillion estimated to be benchmarked to them on a worldwide basis¹; Barra multi-asset class factor models, portfolio risk and performance analytics; RiskMetrics multi-asset class market and credit risk analytics; IPD real estate information, indexes and analytics; MSCI ESG (environmental, social and governance) Research screening, analysis and ratings; and FEA valuation models and risk management software for the energy and commodities markets. MSCI is headquartered in New York, with research and commercial offices around the world.
