

MSCI ACWI Quality EU CTB Index (USD)

The MSCI ACWI Quality EU CTB Index is based on the MSCI ACWI Quality Index, its parent index which captures large and mid-cap stocks across 23 Developed Market (DM) and 24 Emerging Markets (EM) countries* exhibiting overall Quality style characteristics. The index is designed to represent the performance of a strategy that meets the minimum standards of the EU Climate Transition Benchmarks (EU CTB) and to exhibit higher Quality characteristics. The Quality investment style characteristics for index construction are defined using three variables: high return on equity (ROE), stable year-over-year earnings growth and low financial leverage.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).

The MSCI ACWI Quality EU CTB Index was launched on Nov 27, 2024. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance – whether actual or back-tested – is no indication or guarantee of future performance.

ABOUT MSCI

MSCI is a leading provider of critical decision support tools and services for the global investment community. With over 50 years of expertise in research, data and technology, we power better investment decisions by enabling clients to understand and analyze key drivers of risk and return and confidently build more effective portfolios. We create industry-leading research-enhanced solutions that clients use to gain insight into and improve transparency across the investment process. To learn more, please visit www.msci.com.
