

MSCI USA SRI S-Series PAB 5% Capped Index (USD)

The MSCI USA SRI S-Series PAB 5% Capped Index is based on the flagship MSCI USA Index, its parent index, which includes large and mid cap stocks of the US market. The index aims to represent the performance of companies that are consistent with specific values and climate change based criteria, as well as a high minimum level of ESG performance. The Index is designed for investors seeking a diversified Socially Responsible Investment (SRI) benchmark comprised of companies with strong sustainability profiles while avoiding companies incompatible with values and climate screens. The Index is constructed by applying a 5% capping on the issuer weights in the corresponding MSCI SRI S-Series Index and also align with the minimum requirements of EU Paris Aligned Benchmarks (EU PAB).
