

MSCI World IMI Smart Industry Select 100 Index (USD)

The MSCI World IMI Smart Industry Select 100 Index is based on the MSCI World IMI Index, its parent index, and includes large, mid and small-cap securities across 23 Developed Markets (DM) countries*. The index aims to represent the performance of a set of 100 companies that are associated with the smart industry theme by combining constituents from MSCI indexes that belong to the listed themes like Autonomous Technology and Industrial Innovation, Robotics, Efficient Energy, Smart Cities and Next Generation Internet Innovation in a diversified manner using optimization. For full list to constituents [please check here](#)

For a complete description of the index methodology, please see [Index methodology - MSCI](#).

The MSCI World IMI Smart Industry Select 100 Index was launched on Apr 08, 2022. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance – whether actual or back-tested – is no indication or guarantee of future performance.

ABOUT MSCI

MSCI is a leading provider of critical decision support tools and services for the global investment community. With over 45 years of expertise in research, data and technology, we power better investment decisions by enabling clients to understand and analyze key drivers of risk and return and confidently build more effective portfolios. We create industry-leading research-enhanced solutions that clients use to gain insight into and improve transparency across the investment process. To learn more, please visit www.msci.com.
