MSCI Europe High Divdend Yield 4% Issuer Capped Index (EUR)

The MSCI Europe High Dividend Yield 4% Issuer Capped Index is based on the MSCI Europe Index, its parent index, and includes large and mid-cap stocks across 15 Developed Markets (DM) countries*. The index is designed to reflect the performance of equities in the parent index (excluding REITs) with higher dividend income and quality characteristics than average dividend yields that are both sustainable and persistent. The index also applies quality screens and reviews past 12 month price performance to omit stocks with potentially deteriorating fundamentals that could force them to cut or reduce dividends.
