# MSCI World Demographic and Technology Change ESG Select 30 Index (EUR)

The MSCI World Demographic and Technology Change ESG Select 30 Index is based on the MSCI World IMI Index, its parent index, and includes large, mid and small-cap securities across 23 Developed Markets (DM)* countries. The index aims to represent the performance of a quarterly rebalanced portfolio of 30 stocks which are rated at BB or above by MSCI ESG Research and are determined to have higher exposure to following themes: Ageing Society Opportunities, Millennials and Disruptive Technology related activities. These stocks also exhibit high dividend yield and low volatility characteristics.

For a complete description of the index methodology, please see Index methodology - MSCI.

The MSCI World Demographic and Technology Change ESG Select 30 Index was launched on Jan 18, 2021. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance -- whether actual or back-tested -- is no indication or guarantee of future performance.

ABOUT MSCI

MSCI is a leading provider of critical decision support tools and services for the global investment community. With over 45 years of expertise in research, data and technology, we power better investment decisions by enabling clients to understand and analyze key drivers of risk and return and confidently build more effective portfolios. We create industry-leading research-enhanced solutions that clients use to gain insight into and improve transparency across the investment process. To learn more, please visit www.msci.com.
