

MSCI Emerging Markets Custom ESG Index (USD)

The MSCI Emerging Markets Custom ESG Index is based on the MSCI Emerging Markets Index, its parent index, and includes large and mid-cap securities across 27 emerging markets (EM) countries*. The index is a custom index based on customized ESG screening criteria selected by Northern Trust. It aims to exclude companies that do not comply with UN Global Compact Principles, are involved in the production or sale of tobacco products or are involved in the production of controversial weapons.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).

The MSCI Emerging Markets Custom ESG Index was launched on Feb 22, 2013. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance – whether actual or back-tested – is no indication or guarantee of future performance.

ABOUT MSCI

MSCI is a leading provider of critical decision support tools and services for the global investment community. With over 45 years of expertise in research, data and technology, we power better investment decisions by enabling clients to understand and analyze key drivers of risk and return and confidently build more effective portfolios. We create industry-leading research-enhanced solutions that clients use to gain insight into and improve transparency across the investment process. To learn more, please visit www.msci.com.
