# MSCI USA Factor Switch Select Index (USD)

The MSCI USA Factor Switch Select Index ("the Index") aims to represent the performance of equal weighted set of Factor Indexes, selected from a universe of six MSCI USA Factor Indexes, based on Index specific signals calculated for each of the following six MSCI USA Factor Indexes : MSCI USA Value Index , MSCI USA Growth Index, MSCI USA Equal Weighted Index, MSCI USA High Dividend Yield Index, MSCI USA Quality Index & MSCI USA Momentum Index. In the event, none of the above six Factor Indexes are selected, the Index allocates 100% weight to all the securities in MSCI USA Index i.e., the Index selects all the securities of MSCI USA index.

For a complete description of the index methodology, please see Index methodology - MSCI.

The MSCI USA Factor Switch Select Index was launched on Dec 13, 2023. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance -- whether actual or back-tested -- is no indication or guarantee of future performance.

ABOUT MSCI

MSCI is a leading provider of critical decision support tools and services for the global investment community. With over 45 years of expertise in research, data and technology, we power better investment decisions by enabling clients to understand and analyze key drivers of risk and return and confidently build more effective portfolios. We create industry-leading research-enhanced solutions that clients use to gain insight into and improve transparency across the investment process. To learn more, please visit www.msci.com.
