

# MSCI EMU ESG Leaders Select 5% Issuer Capped 100% hedged to GBP Index (GBP)

The MSCI EMU ESG Leaders Select 5% Issuer Capped 100% hedged to GBP Index represents a close estimation of the performance that can be achieved by hedging the currency exposures of its parent index, the MSCI EMU ESG Leaders Select 5% Issuer Capped Index, to the GBP, the "home" currency for the hedged index. The index is 100% hedged to the GBP by selling each foreign currency forward at the one-month Forward rate. The parent index captures large and mid-cap stocks across the 10 Developed Markets countries in the EMU\*. The Parent Index aims to provide exposure to companies with high Environmental, Social and Governance (ESG) performance relative to their sector peers and is designed for investors seeking a broad, diversified sustainability benchmark. The Parent Index aims to limit the concentration risk by constraining the maximum weight of a company to 5%. Constituent selection is based on the research provided by MSCI ESG Research.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).
