

MSCI Australia IMI Custom ESG Leaders Index (AUD)

The MSCI Australia IMI Custom ESG Leaders ESG Leaders Index is a free float-adjusted market capitalization-weighted index designed to represent the performance of companies that are selected from the MSCI Australia IMI Index ("Parent Index") based on Environmental, Social and Governance (ESG) criteria. These criteria exclude constituents based on involvement in specific business activities, as well as ESG ratings and exposure to ESG controversies. The Indexes are derived from the MSCI Australia IMI Index and aim to achieve sector weights that reflect the sector weights of the corresponding Parent Index. The MSCI Australia IMI Custom ESG Leaders Index consists of Large, Mid and Small cap companies in Australian markets. The Index construction targets 50% free float-adjusted market capitalization coverage of each Global Industry Classification Standard (GICS®) sector by selecting constituents primarily based on criteria including the ESG rating, the trend in that rating and the company's industry-adjusted ESG score. The Index is a member of the MSCI ESG Leaders Index series.
