

MSCI World ex UNGC and CW Index (HKD)

The MSCI World ex UNGC and CW Index is based on MSCI World, its parent index, which captures large and mid-cap representation across 23 Developed Markets (DM) countries*. The Index constituents are weighted according to their free float adjusted market capitalizations applicable to foreign investors. The index represents the performance of the broad market while excluding companies that are associated with Controversial Weapons or fail to comply with United Nations Global Compact principles. Constituent selection is based on data from MSCI ESG Research. Each country's weight within the Index will fluctuate over time according to market movements. Constituent weights are not rebalanced to the initial levels at any time.
