MSCI World Select ESG Rating and Trend Leaders Index (USD)

The MSCI World Select ESG Rating and Trend Leaders Index is based on the parent index, MSCI World Index which covers large and mid-cap stocks across 23 developed markets (DM) countries*. The index is designed to represent the performance of companies that have a robust ESG profile as well as a positive trend in improving that profile. The Index aims to target sector weights that reflect the relative sector weights of the underlying index to limit the systematic risk introduced by the ESG selection process. Overall the Index targets coverage of 50% of the underlying MSCI World Index.

For a complete description of the index methodology, please see Index methodology - MSCI.

The MSCI World Select ESG Rating and Trend Leaders Index was launched on Jan 10, 2018. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance -- whether actual or back-tested -- is no indication or guarantee of future performance.

ABOUT MSCI

MSCI is a leading provider of critical decision support tools and services for the global investment community. With over 45 years of expertise in research, data and technology, we power better investment decisions by enabling clients to understand and analyze key drivers of risk and return and confidently build more effective portfolios. We create industry-leading research-enhanced solutions that clients use to gain insight into and improve transparency across the investment process. To learn more, please visit www.msci.com.
