

MSCI Sweden 25/50 Index (USD)

The **MSCI Sweden 25/50 Index** is designed to measure the performance of the large and mid cap segments of the Swedish market. It applies certain investment limits that are imposed on regulated investment companies, or RICs, under the current US Internal Revenue Code. With 44 constituents, the index covers approximately 85% of the free float-adjusted market capitalization in Sweden.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).

The MSCI Sweden 25/50 Index was launched on Jul 20, 2016. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance -- whether actual or back-tested -- is no indication or guarantee of future performance.

ABOUT MSCI

MSCI is a leading provider of critical decision support tools and services for the global investment community. With over 45 years of expertise in research, data and technology, we power better investment decisions by enabling clients to understand and analyze key drivers of risk and return and confidently build more effective portfolios. We create industry-leading research-enhanced solutions that clients use to gain insight into and improve transparency across the investment process. To learn more, please visit www.msci.com.
