

MSCI ACWI SRI 5% Issuer Capped Index (USD)

The MSCI ACWI SRI 5% Issuer Capped Index captures large and mid cap stocks across 23 Developed Markets (DM) countries and 24 Emerging Markets (EM) countries*. The Index is a capitalization weighted index that provides exposure to companies with outstanding Environmental, Social and Governance (ESG) ratings and excludes companies whose products have negative social or environmental impacts. The index is a capped version of the MSCI ACWI Index that limits company concentration by constraining the maximum weight of a company to 5%. The Index is designed for investors seeking a diversified Socially Responsible Investment (SRI) benchmark comprised of companies with strong sustainability profiles while avoiding companies incompatible with values screens. Constituent selection is based on research provided by MSCI ESG Research.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).
