

MSCI Japan Human and Physical Investment Index (JPY)

The MSCI Japan Human and Physical Investment Index (the "Index") aims to reflect the performance of Japanese companies which are making material investment in physical and human capital. The index includes companies which relative to their sector peers are spending a high proportion of their sales on:

- Physical Capital Investments
- Research And Development (R&D) Investments
- Human Capital Investments.

Additionally the index includes companies which are strongly increasing their investment on capital goods or R&D while maintaining sales growth. It also includes companies with the policies and programs to develop social and human capital in the labor pool.

150 selected constituents are weighted making use of their MSCI Governance-Quality scores to achieve a tilt towards companies with strong governance structure and financial quality.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).
