

MSCI World Natural Capital Paris-Aligned Equity Custom Index (USD)

The MSCI World Natural Capital Paris-Aligned Equity Custom Index (the “Custom Index”) is constructed with an aim to meet the minimum standards of the EU Paris-Aligned Benchmark (PAB) as per the EU Low Carbon Benchmark Regulation, reduce exposure to select indicators that are associated with adverse impact on natural resources, and increase exposure to companies that are associated with positive contribution to the environment through their products or services, or through their management of their natural capital-related risks.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).

The MSCI World Natural Capital Paris-Aligned Equity Custom Index was launched on Sep 28, 2022. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance – whether actual or back-tested – is no indication or guarantee of future performance.

ABOUT MSCI

MSCI is a leading provider of critical decision support tools and services for the global investment community. With over 45 years of expertise in research, data and technology, we power better investment decisions by enabling clients to understand and analyze key drivers of risk and return and confidently build more effective portfolios. We create industry-leading research-enhanced solutions that clients use to gain insight into and improve transparency across the investment process. To learn more, please visit www.msci.com.
