

MSCI Nihonkabu ESG Select Leaders Index (JPY)

The MSCI Nihonkabu ESG Select Leaders Index (the "Index") is a free float-adjusted market capitalization-weighted index designed to represent the performance of companies that are selected from the MSCI Nihonkabu Investable Market Index (Parent Index") based on Environmental, Social and Governance ("ESG") criteria. These criteria exclude constituents based on involvement in specific business activities, as well as ESG ratings and exposure to ESG controversies. The Index construction has a target coverage of 50% by number of securities in each Global Industry Classification Standard (GICS®) sector of the Parent Index by selecting constituents primarily based on criteria including the ESG rating and the company's industry adjusted ESG score.
