

MSCI Europe Energy ESG Screened 20/35 Index (EUR)

The MSCI Europe Energy ESG Screened 20/35 Index is based on the MSCI Europe Energy Index, its parent index, and includes large and mid-cap securities across 15 Developed Markets (DM) in Europe. The index excludes companies from the parent index that are associated with controversial, civilian and nuclear weapons and tobacco, that derive revenues from thermal coal and oil sands extraction and that are not compliant with the United Nations Global Compact principles. All securities in the index are classified in the Energy sector as per the Global Industry Classification Standard (GICS®). The index is weighted in accordance with the MSCI Capped Indexes methodology, such that the largest group entity within each Index is capped at 35% while all other group entities are capped at 20%, with a buffer of 10% applied on these limits at each index rebalancing.

INDEX METHODOLOGY

The MSCI Europe Sector ESG Screened 20/35 Indexes aim to represent the performance of an investment strategy that excludes companies from the parent index that are involved in business activities of Controversial Weapons, Nuclear Weapons, Civilian Firearms, Tobacco, Thermal Coal, Oil Sands. In addition to the above, companies that fail to comply with the United Nations Global Compact Principles are also excluded from the MSCI ESG Screened Indexes. The indexes are maintained following the MSCI Global Investable Indexes (GIMI) Methodology –a comprehensive and consistent approach to index construction that allows for meaningful global views and cross regional comparisons across all market capitalization size, sector and style segments and combinations. The index is weighted in accordance with the MSCI Capped Indexes methodology, such that the largest group entity within each Index is capped at 35% while all other group entities are capped at 20%, with a buffer of 10% applied on these limits at each index rebalancing.

The index is reviewed in February, May, August and November, coinciding with the quarterly and semiannually index reviews of MSCI Global Investable Market Indexes.

ABOUT MSCI

MSCI is a leading provider of critical decision support tools and services for the global investment community. With over 45 years of expertise in research, data and technology, we power better investment decisions by enabling clients to understand and analyze key drivers of risk and return and confidently build more effective portfolios. We create industry-leading research-enhanced solutions that clients use to gain insight into and improve transparency across the investment process. To learn more, please visit www.msci.com.
