

MSCI BMR Oversight Committee

Terms of Reference

June 2019

General

MSCI uses a committee structure to provide overall oversight and governance for the design, calculation and maintenance of MSCI indexes as follows:

- Oversight as required by the EU benchmark regulation and any similar post-Brexit UK regulation (collectively, the “BMR”) is provided by the BMR Oversight Committee (“OC”).
- A Risk and Regulatory Committee presides over operational and business risk and regulatory compliance matters.
- The Index Policy Committee (“IPC”) presides over major methodology developments and changes as well as equity market classification decisions, and is an escalation point for any index committee.
- An Index Committee presides over the development, review and interpretation of index methodologies and other matters described in the relevant terms of reference.

All of the committees are staffed solely by MSCI group company employees with extensive relevant experience.

All committee members are expected to act with integrity as is required of all our employees according to our Code of Ethics and Business Conduct posted on www.msci.com, and are subject to MSCI’s compliance policies, including with respect to confidential information and relevant Chinese Walls.

All decisions taken by the committees are the responsibility of their members.

MSCI believes that its editorial and operational independence is critical to its objectivity, efficiency and avoiding conflicts of interest.

BMR Oversight Committee

Description

The OC provides independent oversight of all aspects of the governance of benchmark administration as required by the BMR.

While the OC is independent of the other governance committees, the OC may rely on reports provided by these committees to perform its responsibilities.

The OC has no authority to make specific index content decisions, which are the independent editorial responsibility of the IPC and relevant Index Committee.

These terms of reference are reviewed and approved by the MSCI group General Counsel annually.

Responsibility

The key responsibilities of the OC include, but are not limited to, the following:

- Oversee the other governance committees to ensure their respective responsibilities are adequately performed.
- Make recommendations to relevant stakeholders based on reports and information provided by functional areas and other governance committees. Provide a summary report of any such recommendations to relevant members of Executive Committee, at least quarterly.
- Report to the national competent authority, as required by law.

Authority

- The OC may seek information regarding any aspect of benchmark administration and is authorized to seek detailed information and presentations on relevant topics from any employee.
- The OC may request internal or commission external audits of relevant benchmark administration processes.
- The OC may escalate issues to the MSCI Inc. Board of Directors Audit Committee if they feel it is warranted.

Composition

- The OC is comprised of at least three voting members from areas not directly involved in benchmark administration, such as MSCI's Legal and Compliance and/or Internal Audit departments, and non-voting representation with

backgrounds and experience in research and data operations that can provide specific market knowledge and operational expertise for the relevant benchmark families.

- Membership of the OC is based on the members' experience and roles. Changes in membership or chairperson are proposed by the OC and approved by the MSCI group General Counsel.
- Membership shall be revoked for the following reasons:
 - The member notifies the committee of his or her decision to resign from the OC.
 - The member is no longer an employee of an MSCI group company or his or her role changes significantly.
 - The member does not fulfill or is not capable of fulfilling his or her responsibilities on the committee, including attendance at meetings.

Meetings

- Meetings are to be held at least quarterly and as needed and may be attended in person or by teleconference.
- The chairperson and at least one other voting member of the committee must be present at any meeting. Each voting member has one vote.
- In instances when an OC decision is required and scheduling an ad-hoc OC meeting is not possible, such decision may be reached via email communication.
- Decisions will be taken by simple majority of the voting members present at a meeting or voting by email.
- Members must disclose any potential conflict of interest before each agenda item and recuse themselves from any discussions where they have a conflict of interest. This will be recorded in the minutes.
- The committee may ask any personnel to attend or to present at the meeting. These attendees will not have voting rights.
- The agendas for all the OC meetings contain the date, time, expected attendees and topics. Topics presented at the OC may have supporting documents.
- Generally, the minutes of all OC meetings contain the date, time, attendees, topics discussed and decisions made.
- The secretary will record minutes of each meeting, which will be retained for at least five years.

The Information may not be used to create derivative works or to verify or correct other data or information. For example (but without limitation), the Information may not be used to create indexes, databases, risk models, analytics, software, or in connection with the issuing, offering, sponsoring, managing or marketing of any securities, portfolios, financial products or other investment vehicles utilizing or based on, linked to, tracking or otherwise derived from the Information or any other MSCI data, information, products or services.

The user of the Information assumes the entire risk of any use it may make or permit to be made of the Information. NONE OF THE INFORMATION PROVIDERS MAKES ANY EXPRESS OR IMPLIED WARRANTIES OR REPRESENTATIONS WITH RESPECT TO THE INFORMATION (OR THE RESULTS TO BE OBTAINED BY THE USE THEREOF), AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EACH INFORMATION PROVIDER EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES (INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF ORIGINALITY, ACCURACY, TIMELINESS, NON-INFRINGEMENT, COMPLETENESS, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE) WITH RESPECT TO ANY OF THE INFORMATION.

Without limiting any of the foregoing and to the maximum extent permitted by applicable law, in no event shall any Information Provider have any liability regarding any of the Information for any direct, indirect, special, punitive, consequential (including lost profits) or any other damages even if notified of the possibility of such damages. The foregoing shall not exclude or limit any liability that may not by applicable law be excluded or limited, including without limitation (as applicable), any liability for death or personal injury to the extent that such injury results from the negligence or willful default of itself, its servants, agents or sub-contractors.

Information containing any historical information, data or analysis should not be taken as an indication or guarantee of any future performance, analysis, forecast or prediction. Past performance does not guarantee future results.

The Information should not be relied on and is not a substitute for the skill, judgment and experience of the user, its management, employees, advisors and/or clients when making investment and other business decisions. All Information is impersonal and not tailored to the needs of any person, entity or group of persons.

None of the Information constitutes an offer to sell (or a solicitation of an offer to buy), any security, financial product or other investment vehicle or any trading strategy.

It is not possible to invest directly in an index. Exposure to an asset class or trading strategy or other category represented by an index is only available through third party investable instruments (if any) based on that index. MSCI does not issue, sponsor, endorse, market, offer, review or otherwise express any opinion regarding any fund, ETF, derivative or other security, investment, financial product or trading strategy that is based on, linked to or seeks to provide an investment return related to the performance of any MSCI index (collectively, "Index Linked Investments"). MSCI makes no assurance that any Index Linked Investments will accurately track index performance or provide positive investment returns. MSCI Inc. is not an investment adviser or fiduciary and MSCI makes no representation regarding the advisability of investing in any Index Linked Investments.

Index returns do not represent the results of actual trading of investible assets/securities. MSCI maintains and calculates indexes, but does not manage actual assets. Index returns do not reflect payment of any sales charges or fees an investor may pay to purchase the securities underlying the index or Index Linked Investments. The imposition of these fees and charges would cause the performance of an Index Linked Investment to be different than the MSCI index performance.

The Information may contain back tested data. Back-tested performance is not actual performance, but is hypothetical. There are frequently material differences between back tested performance results and actual results subsequently achieved by any investment strategy.

Constituents of MSCI equity indexes are listed companies, which are included in or excluded from the indexes according to the application of the relevant index methodologies. Accordingly, constituents in MSCI equity indexes may include MSCI Inc., clients of MSCI or suppliers to MSCI. Inclusion of a security within an MSCI index is not a recommendation by MSCI to buy, sell, or hold such security, nor is it considered to be investment advice.

Data and information produced by various affiliates of MSCI Inc., including MSCI ESG Research LLC and Barra LLC, may be used in calculating certain MSCI indexes. More information can be found in the relevant index methodologies on www.msci.com.

MSCI receives compensation in connection with licensing its indexes to third parties. MSCI Inc.'s revenue includes fees based on assets in Index Linked Investments. Information can be found in MSCI Inc.'s company filings on the Investor Relations section of www.msci.com.
