

30 years of MSCI ESG Indexes

Take a look at the history of ESG indexes in our timeline below. We highlight key milestones in the evolution of ESG indexes since 1990, beginning with the launch of the Domini 400 Social Index (now the MSCI KLD 400 Social Index), through to the launch of the MSCI Fixed Income ESG Indexes in 2020. We also highlight significant developments such as MSCI's acquisition of Carbon Delta in 2019.
