47

markets

23

developed markets

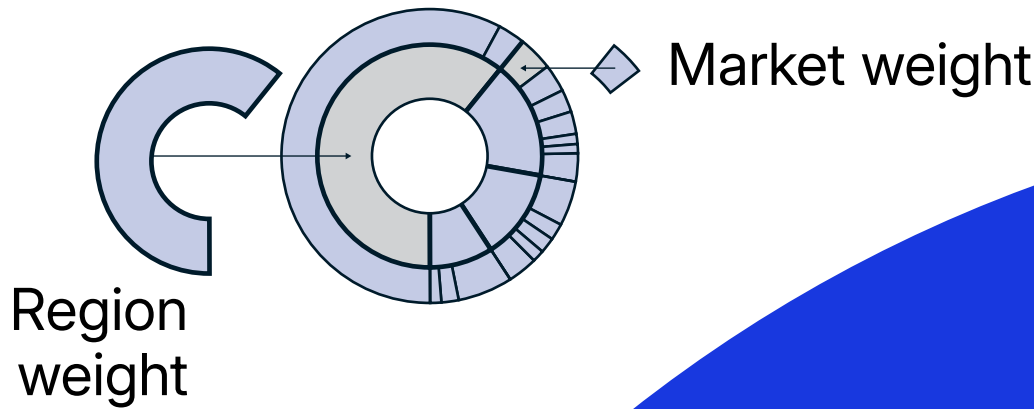

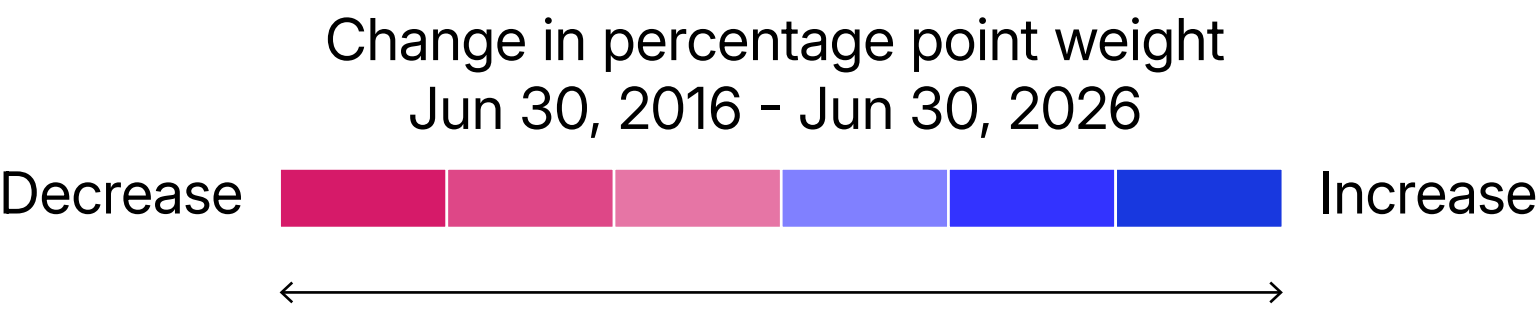

24

emerging markets

99%

of the investible global equity market as of Sept 2025

Below, we show a breakdown of the index by country and region, as well as its changes over time.

United States
62.7% ▲ 9.4 p.p.

While U.S. companies have become more dominant within the MSCI ACWI IMI, their revenues originate from around the globe.
Source: MSCI (2020)

UK
3.1% ▼ -3.2 p.p.

The UK weighting declined, impacted by growth in Asia and Americas, plus the growth in the technology sector which was less present in the UK. Brexit uncertainty has also impacted investors' appetite for UK stocks.

Netherlands 1.3% ▲ 0.3 p.p.

Sweden 0.8% ▼ -0.2 p.p.

Other EMEA
3.2% ▼ -0.9 p.p.

Austria	0.10%	▼ -0.01
Belgium	0.27%	▼ -0.24
Denmark	0.38%	▼ -0.25
Finland	0.26%	▼ -0.08
Ireland	0.08%	▼ -0.09
Israel	0.35%	▲ 0.07
Italy	0.71%	▼ -0.01
Norway	0.18%	▼ -0.07
Portugal	0.04%	▼ -0.01
Spain	0.80%	▼ -0.15

China
2.2% ▼ -0.5 p.p.

Over this period, China's index weighting nearly doubled in due to the inclusion of China A-shares and increased interest in the overall market from foreign investors.
